

## Spring 2018 Newsletter

Welcome to the 2018 cottage season. We are looking forward to serving you and having a great summer. **Marina will be open April 16<sup>th</sup> weather and ice permitting.**

As a reminder, Rose Point Group is full service Mercury, Mercruiser, Volvo and Johnson Evinrude (parts) dealers and maintenance. Our mechanics are trained yearly with the dealership we support. We have introduced a new line of welded aluminum boats this year that will be for sale at Rose Point Marina and all of our group facilities. Many of you noticed the “water toys” we sold last year, we will continue that program again this year.

Christine will be in the office Monday through Friday 8-5 for the beginning of the season, we are expecting a new addition to the Simpson/Wakeford family mid June. Dad “Guy” will be around during summer months to cover Christine. As always please email them @ [christines@rosepointmarina.com](mailto:christines@rosepointmarina.com) or [guyw@rosepointmarina.com](mailto:guyw@rosepointmarina.com) with any questions at any time.

We are excited to announce to launch of our new website, [www.rosepointgroup.com](http://www.rosepointgroup.com) you'll find information on our dealerships and sales at all three locations. The new website is user friendly and will be updated to showcase current events happening at all three locations. We are looking for testimonials to add to our new website or any pictures your willing to have displayed on our website of Georgian Bay cottage life please email them to [christines@rosepointmarina.com](mailto:christines@rosepointmarina.com). Thank you for your participation.

We've received many comments on the updates to our marina as far as the dock ramps being level courtesy of the higher water level. We have planned to continue maintenance and construction on site to maintain our marina. Please be patient will these up grades are in process.

Our **spring launching program** was a great success last year allowing our mechanics sufficient time to prepare your vessel, please give us **two weeks** notice before you arrive to have your vessel water ready and continue this successful launch.

Private shore parking will be offered again this year, clients who took advantage last year, your parking space will be billed on your summer dockage invoice.

Private spaces are still available for 2018 season on a first come first serve basis.

As a reminder, one car parking is included with your boat slip. Any additional cars will be charged \$10 a day. Please remind your guests to register their vehicles with the office.

Boat trailer storage will remain at \$200 per season, thank you to everyone who identified your trailers with the office last year. Unfortunately we still have many trailers unidentified, those trailers will be deemed abandoned at the end of this season and appropriated by Rose Point Marina.

Do not leave your children unattended and ensure they are wearing proper lifejackets as we do not have lifeguards on staff.

Reminder for all those with pets, poop and scoop. It is unfair for other clients and staff to try and avoid dog waste in our parking/shop area. After a long car ride, we can appreciate the fact that your pets would like to run around the marina but please keep them on their leashes.

When having parcels or mail delivered to Rosepoint Marina please use our physical address at 4B Rosecliff point road, Parry Sound P2A 2X3. Do not use Canada post or our mail box number. Some couriers that do ship to the marina are FedEx, Purolator and UPS. Please ensure your name is clearly marked on the package so we can contact you when it arrives. Rosepoint Marina is not responsible for lost parcels or mail.

As a reminder, please let us know of any personal information changes regarding address, phone number, email addresses etc.

As the season starts it is hard to imagine the fall and closing of the marina but we'd like to take to opportunity to inform everyone that the marina will be removing boats for storage after Thanksgiving weekend, all docks and ramps will be unhooked shortly after.

We have two dock hands this year that will be eager to help you load, unload and fuel up your vessel. Please feel free to ask for help or move your boat closer to the loading ramp for easy access. If you'd like your vessel fueled before your arrival please let us know. We are here to help!

If you have any comments or concerns please let us know and we will do our best to accommodate your request.

We look forward to seeing all of you soon!

Christine Simpson and the Staff of Rosepoint Marina
